---

## Professional Experience

- Completed a hands-on internship where I gained practical experience in front-end and back-end web development.
- Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript.
- Collaborated with a team of developers to implement website features and functionalities.
- Assisted in troubleshooting and resolving bugs to ensure smooth website functionality.
- Gained exposure to version control systems, such as Git, for collaborative development.
- Contributed to the optimization of website performance and responsiveness.
- Stayed current with industry trends and emerging technologies, incorporating new tools and techniques to improve development processes.

---

## Education

Secondary & Higher Secondary in Arts March 2017 - March 2019

Kendriya Vidyalaya Sangathan at Delhi Cantt

- Throughout my educational journey, I have consistently demonstrated a passion for learning and have eagerly sought out opportunities to expand my knowledge in various disciplines. This constant curiosity has enriched my educational experience and fostered a lifelong love for learning.

BCA in Computer Applications August 2020 - August 2023

Sikkim Professional University at Sikkim

- Developed a strong foundation in computer science principles through classes in algorithm design, computer architecture, and operating systems. Also gained hands-on experience with web development, including HTML, CSS, and JavaScript.

---
